

CAADPE PARTNER PROGRAM

CONNECTION • COMMUNICATION • RECOGNITION

CAADPE's PARTNER Program is a unique network providing opportunities for dialogue and collaboration with CAADPE agency executives who represent 300 substance use disorders (SUD) sites within California.

The California Association of Alcohol and Drug Program Executives (CAADPE), is a statewide association of community-based, non-profit 501 (c)(3) substance use disorder treatment agencies. As the only statewide association representing all modalities of SUD treatment, CAADPE constitutes the infrastructure of the state's publicly-funded SUD treatment network. The CAADPE Board of Directors is comprised of SUD agency executives from across California, and represents the geographic and ethnic diversity of California. [See our current board members here.](#)

CAADPE provides its Partners with the appropriate contacts to help businesses and organizations reach their goals. CAADPE Partners are pharmaceutical companies, drug testing labs, and other providers of products and/or services to SUD treatment agencies.

Partners may participate on various levels. Regardless of whichever level is selected, all Partners will receive the *Weekly Memo*.

Top financial decision makers in CAADPE's member SUD treatment and rehabilitation programs rely on CAADPE's *Memo* for fast-breaking public policy developments, issues and governmental actions affecting their programs and clients. The *Memo* is distributed via email to all CAADPE members, Partners, and key policy makers in California's State Capitol. Partners are acknowledged in each issue of the *Memo*. Below is a list of CAADPE Partner benefits. Partner applications are subject to approval by the CAADPE Board of Directors.

Become a CAADPE PARTNER!

To become a CAADPE PARTNER, please fax or email your application to:
caadpe1@caadpe.org

For more information about the PARTNER program, please contact us at:
caadpe1@caadpe.org or call 916-329-7409
